

SOUTH PACIFIC TUNA CORPORATION (SPTC)

BAN ON SHARK FINNING

Attention: Captains, Fishing Masters, & Crew

In accordance with the International Seafood Sustainability Foundation (ISSF) resolution 12-01 regarding shark finning, all vessels currently owned by Ocean Global Fisheries LLC do not permit aboard its vessels the practice of shark finning, which is the retention of any fins while discarding the carcass at sea. This statement is posted both on the SPTC website www.sopactuna.com and visibly onboard every tuna fishing vessel in the SPTC Fleet in all languages commonly spoken aboard. We support this policy and prohibit any act of shark finning practice on our vessels.
